Anatomy of the Museum Collection 2 Featuring the Works from the Years after the 1970's

February 18 (Sat) – March 26 (Sun), 2023 32days

Meguro Museum of Art, Tokyo, has collected the works by artists who were active internationally after WWII. The contemporary art develops itself aging with us by reflecting the problems and the values of the time. We will be most pleased if the works of contemporary art in our collection could give you the opportunity to feel and think to gain the power to be alive in this complex and chaotic modern society.
